

# TEMP-PAL®

Welcome to the ITD Food Safety Family! We are honored that you chose our company to be your provider for remote temperature monitoring. Please follow the instructions below to set up your Temp-Pal system:

1. Visit <https://itdfoodsafety.mydevices.com/>
2. Create an account
3. Add your company locations
4. Add your gateway
5. Add your sensors
6. Connect gateway to ethernet and power on
7. Place your sensors in their locations
8. Enjoy your Temp-Pal

Our motto is Food Safety Made Simple. In the event that you need assistance setting up your new Temp-Pal, please feel free to contact us. You can reach us at 321-676-3194 or at [www.itdfoodsafety.com/support](http://www.itdfoodsafety.com/support) for assistance.

From the ITD family to yours, we thank you for your business and look forward to a successful partnership.

Sincerely,

Jason B. Mobley
